ABOUT THE COURSE

What this course covers

This diploma covers knife skills, cooking methods, food science and kitchen hygiene, then moves to world cuisines, bakery basics, menu planning and food costing. Recorded demonstrations are followed by practical assignments you cook and document.

LEARNING OUTCOMES

By the end of the course you will be able to

- Apply core cooking methods and kitchen safety practices
- Explain the food science behind common techniques
- Plan balanced menus for different service styles
- Calculate food cost and control portions

HOW YOU LEARN

Online, with structure and support

Recorded video lectures

Watch lessons at your own pace and revisit them whenever you need to.

Live interactive sessions

Scheduled sessions with faculty for questions, demonstrations and reviews.

Practical assignments

Hands-on tasks after each module so you practise what you learn.

Study material

Notes, reading lists and reference sheets for every module.

Projects

Module projects that build towards a final piece of work you can show.

Assessments

Quizzes and reviewed submissions to track your progress through the course.

WHO CAN JOIN

10+2 in any stream

The admissions team confirms the latest eligibility during counselling.

WHAT YOU NEED

A smartphone or computer with a stable internet connection.

Some practical modules may need basic tools or software; these are explained before the batch starts.
