ABOUT THE COURSE

What this course covers

This diploma introduces the jewellery design process: drawing techniques, metals and their properties, gemstone basics and setting styles, and preparing designs for production. You finish with a portfolio of pieces and a client presentation.

LEARNING OUTCOMES

By the end of the course you will be able to

- Sketch and render jewellery designs with correct proportions
- Explain common metals, alloys and gemstone properties
- Choose setting styles suited to a design
- Present a jewellery collection to a client

HOW YOU LEARN

Online, with structure and support

Recorded video lectures
Watch lessons at your own pace and revisit them whenever you need to.

Live interactive sessions
Scheduled sessions with faculty for questions, demonstrations and reviews.

Practical assignments
Hands-on tasks after each module so you practise what you learn.

Study material
Notes, reading lists and reference sheets for every module.

Projects
Module projects that build towards a final piece of work you can show.

Assessments
Quizzes and reviewed submissions to track your progress through the course.
